Console display at Nintendo Direct Photo of dev unit at Nintendo A: I use a 3ds dev unit and when I'm developing for it I always refer to the development unit as "DEV Unit", so I'd say yes, the naming convention is accurate. In case you're interested, the development unit also has a couple of emulation modes, (among others) GBA2 and GBA Micro. Distribution of K(Ca)-channels in cat retinal bipolar cells. Membrane currents of retinal bipolar cells can be reduced by intracellular application of activated potassium channels of the K(Ca) family. We have investigated the distribution of these channels in cat retinas by applying a specific channel blocker (50 microM A-803467) to bipolar cells by iontophoretic injections. In 19 of 21 cells the intracellular application of A-803467 decreased K(Ca) currents with mean effects at -65 mV of -82. 2d92ce491b
