A: If you ran file on it, do you get a result like this? The file is in ISO-8859-15 format. If so, that's a clue as to where the output file came from. You could use a hex editor to see if the file starts with 0xFF 0xD8 0x00 - that'd be the bytes 0xFF 0xD8 0x00 followed by 0x00. As far as the Mac goes, you'd have to ask the person whose Mac you're running a file on what version of MacOS they have and how they installed it. You might find it easier to install Windows in VHD format to get around any issues. Nixon announces visit to India for TFCI Prime Minister of India on Monday made it clear that an India-US nuclear deal, which is dead since Washington shelved it over New Delhi's refusal to terminate the licence of the Khan-Umrigar atomic plant, would not be restarted unless some changes were made. Prime Minister of India on Monday made it clear that an India-US nuclear deal, which is dead since Washington shelved it over New Delhi's refusal to

terminate the licence of the Khan-Umrigar atomic plant, would not be restarted unless some changes were made. "We are opposed to the Uranium Mining Act, which had been passed by the Indian Parliament. We also think that the nuclear agreement with America will not be fulfilled unless the Uranium Mining Act is withdrawn," Prime Minister Manmohan Singh said in an address to the nation. He said India would continue to demand the Nuclear Non-proliferation Treaty (NPT) and the implementation of the 1997 clean-up agreement. India also expects the withdrawal of nuclear cooperation with the US from the Atomic Energy Commission. Asked about the decision of the US Senate to refuse to ratify the nuclear deal, the Prime Minister said the US was not interested in a nuclear deal with India. The US had in the past wanted India to sign an early termination of the agreement in return for the abandonment of an anti-proliferation protocol. Referring to the recent comments of the US President on US-India relations, Prime Minister Singh said "I think that he (Bush) was very wise to refuse to acknowledge what (his predecessor) Clinton had done". "As far as the US nuclear deal is
